WOULD TAX GUIDES.

Mr. Hellmuth introduced in the Common Council last night a resolution, which was referred to the proper committee, looking to an amendment to the license law by providing a tax of five dollars on every person who may act as a guide to strangers visiting this city. When a passenger steamer reaches Queenstown hundreds of seagulls follow the vessel, and by their cackling often interfere with conversation among those aboard. When electric trains stop at King and Columbus streets almost as many boys, white and colored, make a rush among the passengers and also bring to a stop all conversation by pulling at strangers and offering their services as guides. The lady and gentlemen tourists who start toward Christ Church for the purpose of enjoying quiet musings in that historic edifice are followed by these juvenile annoyances, and often their visits are rendered unpleasant by these urchins. It may be safely said that not one of the youths is familiar with the history of the city, and in attempts to obtain dimes tell all sorts of stories about different points. A day or two ago a boy was showing some visitors a building in which the youth said the first postage stamps used in America were printed.

RIVAL BOAT COMPANIES.

As stated in the Gazette of that day the U. S. Supreme Court on Monday granted a writ of certiorari in the case of the Weems Steamboat Company, of Baltimore, against the People's Steamboat Company. It appears that the People's Steamboat Company is a rival transportation line, which seeks to avail itself of the many wharves and landings which the Weems Steamboat Company either owns or controls along the Rappahannock river. The Weems Steamboat Company claims the exclusive use of these wharves. The case was first heard at Richmond, where the federal court decided against the Weems Steamboat Company on the ground that the wharves and landings were primarily for the benefit of the public and that the People's Steamboat Company was entitled to their use, provided they paid an equitable rental. The Circuit Court of Appeals upheld the lower court, and the Weems Steamboat Company now brings the case up to the Supreme Court of the United States. The counsel for the Weems Line are Messrs. George W. Williams, St. George R. Fitzhugh and Nicholas P. Bond, while Mr. William G. Carter appeared for the People's Steamboat Company.

CITIZENS' ASSOCIATION.
Residents of Cherrydale, Alexandria county, met last night and partly adopted a constitution for the Citizens' Association lately formed there.
There being a vacancy in the board of school trustees in the Cherrydale district, the association unanimously presented the name of B. Bruce Harrison to fill the vacancy, and Superintendent of Schools James E. Clements and Commonwealth's Attorney Grandall Mackey, constituting a majority of the school trustee electoral board of the county, being present, a meeting was held, the resignation of Mr. George G. Boteler as school trustee accepted, and B. Bruce Harrison unanimously elected to fill the vacancy.

NEW POLICE COMMISSIONER.
Captain Albert Bryan was last night by a unanimous vote of a joint meeting of the City Council elected Police Commissioner from the Fourth ward in place of Mr. E. C. Graham, who, according to the recent re-districting of the city, now resides in the First ward. The selection of Capt. Bryan for the position meets with the hearty confirmation of the community. Faithful and energetic in the private affairs of life, he was equally so as a representative in Council several years ago, his labors as chairman of the finance committee having been justly appreciated. It may be confidently stated that he will perform his duties equally as faithfully as a Police Commissioner.

THE COLLISION YESTERDAY.
Seven persons it appears were injured early yesterday morning in a collision between cars of the Great Falls and Old Dominion Railway Company on the Aqueduct bridge. The damage to the cars will amount to about \$500. Car 8 was running from the barn, in Virginia, to the north end of the bridge to start on its first run. The other car was one known as the short-line car, carrying passengers from the terminal, at the north end of the bridge, to Rosslyn, where they transfer for Great Falls or to the cars of the Washington, Arlington and Falls Church line. Both motorists were evidently traveling under the assumption that the bridge was clear.

MOVING PICTURES.
The moving picture entertainment given nightly by the Metropolitan Moving Picture Company at the Opera House are growing more popular nightly. Large audiences, the greater percentage of whom are ladies and children, gather to witness the pictures, which are highly entertaining and instructive to both old and young. On Thanksgiving Day the Passion Play in moving pictures as produced at Oberammergau will be exhibited for the benefit of the Methodist Protestant Church.

POLICE COURT.
There were but two cases before the Police Court this morning. A white man—an old offender—charged with being drunk in the street, was sent to jail for ten days. Two horses which had been taken up in the streets, were turned over to their owners, the animals having broken their halters and left the stable, to which they had been placed.

W. C. T. U.
The regular business meeting of the Allison W. C. T. U. will be held tomorrow at 3 o'clock at the Children's Home on Duke street.
The regular weekly prayer meeting will be held at 7:45 o'clock tomorrow evening at the Children's Home on Duke street.

ROBBERY REPORTED.

George Baker, who resides at Pohick Station, Fairfax county, was robbed shortly after midnight last night of three pairs of shoes, a hat and a carrier pigeon which he left on a stool in a King street lunch room.
According to the report made by Mr. Baker to the police he left the stolen articles on the stool while he repaired to the rear of the establishment prior to giving his order. Upon his return the articles were missing. Three young men who were in the establishment at the time, it is said, beat a hasty retreat from the place immediately following Mr. Baker's entrance. The police are investigating the case.

WILL HEAR ARGUMENTS.

Arguments will be heard in the Circuit Court for Alexandria county at 10 o'clock tomorrow morning, Judge J. B. T. Thornton presiding, as to whether or not the receiver for the Washington, Arlington and Falls Church Railway Company should be made a party to the damage suits pending against the company. The railway company will be represented by Messrs. Moore, Barbour and Keith and Judge Nicol. The claimants will be represented by attorneys from this city, county and Washington. The suits pending aggregate to nearly half a million of dollars, and they are the outcome of the Clarendon wreck, July 5 last.

PERSONAL.

Mrs. Percy Clift and Miss Alena Shinn left today for a visit to the Jamestown Exposition.
Miss Sallie Winn Faulkner, youngest daughter of former United States Senator Charles J. Faulkner, was married yesterday at the Faulkner home, Martinburg, W. Va., to Stephen R. Snodgrass. The bride is well known in this city.
Mr. Edward K. Powell, of the United States engineers, who has for the past year been on special duty under the adjutant general of the army of Cuban Pacification, Havana, Cuba, is visiting his home on North Washington street.

FOOTBALL.

The Episcopal High School football team will play a game with the team representing Jacob Tome Institute, of Maryland, Saturday next on the latter's grounds. As both teams are regarded as evenly matched a good game is anticipated.
The second team of the High School will on Saturday next, on their own grounds, meet the second team of the Western High School of Washington. The second team of the visiting school is regarded as a very strong one.

PLAN TRIP TO BALTIMORE.
At the semi-monthly meeting of Fitzgerald Council No. 459, Knights of Columbus, which will be held at St. Mary's Hall tonight, arrangements will be made by the members of that organization for going to Baltimore Sunday next to witness to exemplification of the second and third degrees of the order. It is expected that a majority of the members of the order will go. A New York degree team will put on the work.

BALLOON SEEN AT MANASSAS.
A balloon, supposed to be one of the racing balloons, is reported to have passed over Manassas at 8 o'clock this morning. The derelict was plainly visible and watched with considerable interest by the residents of that place. According to the report received in this city the balloon was traveling in a northeasterly direction and was said to be comparatively low. The occupants were plainly visible.

SALE OF TUGBOAT AND BARGES.
Capt. R. F. Knox, auctioneer, will offer for sale at 10 o'clock tomorrow morning in front of the warehouse of J. Dreifus & Sons, on the Strand, the steam tug "Spray," with all appurtenances; also four barges with their appurtenances, lately used by Mr. James McCuen.

The November Metropolitan, which has been received from its publishers in New York, is its Thanksgiving number. It has a variety of strong articles and fiction that appeal to the heart. John Sharp Williams publishes his views of the negro problem and its possible solution in a fair and unprejudiced paper. "Our Rites of the Far North" is a careful study of Alaska. "The Narrative of Peter Alshire" an American was written in the Bastille, where he was imprisoned on charge of attempting to poison Benjamin Franklin. "The Mexican War" gives an account of General Scott's campaign, and "General Grant's Close Call." "The World at Large," "The Drama of the Month" and seven good stories complete this excellent issue.

A new book by Alexander Hunter, author of "Johnny Reb and Billy Yank" has just been issued, entitled "The Huntsman of the South." In it the author, a sportsman of wide reputation, gives the benefit of his rich and varied experience to young and old, the beginner and past master. Typographically the book is of the best, and is illustrated by well-known artists and from photographs taken by the author.

New York Stock Market.
New York, Oct. 23.—The stock market opened this morning in a somewhat depressed condition, owing to the fact that it is a season with regard to the trust companies, and there were large declines in the railroad list. Amalgamated Copper declined over a point. American Smelting and Refining declined 1/2. The United States Steel stocks continued to show support, losing comparatively small fractions. After ten minutes trading the market continued unsettled. There was a steady tone in the stock market in the afternoon and moderate recoveries were made.

His oldest child was subject to croup, but this remedy never failed to effect a speedy cure.
